Relentless

Working hard is in your DNA.
Which is why every day, you go out there and dig.
Pry. Strike. And demolish. Your work is rigorous.
Relentless. And unforgiving.
And at the end of the day, you hurt.
We feel your pain.

Truth is, there are plenty of tools out there
that "get the job done." But how many of
them can also say they work for you?
We can.

We work tirelessly to design tools that not only
perform and last, but reduce negative impact
on your body. It's called Advanced Human
Engineering and it's a process of study, design
and validation that puts you at the center of it all.
It's ruthless. But at the end of the day,
it solves problems. Real problems for real people.
And that is the heart of our design DNA.

New for 2019

CarbonMax™ knives

Introducing blades that stay sharp 24x longer than the competition.

PowerGear™ aviation snips

Make tough jobs dramatically easier with leverage-enhancing tools.

PowerGear™ bolt cutters

Makes cutting hardened rod up to 30% easier, especially at the beginning of the cut where more force is required.

PowerArc™ heavy duty scissors

Makes cutting easier, especially at the end of the cut where more force is required.

IsoCore™ demolition tools

Take on extreme projects with the industry's best shock control system.

POS material

Our assortment is supported by a wide range of different POS materials from category specific top-signs/posters, pop-ups and wobblers, to the more informative shelf-dividers with more in-depth information about the different ranges and products for the consumers.

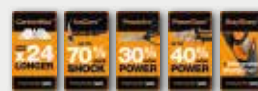

We also offer a modular display which is easily stacked with our shelf-ready retail packaging.

Pop-ups (600x1600mm)

Shelf-dividers (200x1000mm)

Wobblers (110x200mm)

Universal displays (790x298mm)

Floor stickers (650mm)

Retail boxes

Utility knives, Claw hammers, Aviation snips & Heavy duty scissors come in shelf-ready retail packaging.

Utility knives | Changeable blades

CarbonMax™ Fixed utility knife						EAN	 6 4 1 1 5 0 1 7 0 1 4 0 4
Height: 30 mm	Length: 259 mm	Width: 109 mm	Weight: 232 g	Retail box: 6	Art. no. 1027222		

Retail pack

- Features a unique folding blade guard for best blade security.
- Deploys quickly with one-hand for use or safe storage.
- Metal body for optimal balance and jobsite durability and a reinforced metal end that provides reliable resistance against pounding and drops.
- 5 pcs blade internal storage capacity.

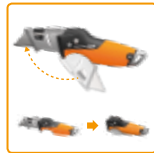

CarbonMax™ Retractable utility knife						EAN	 6 4 1 1 5 0 1 7 0 1 4 1 1
Height: 30 mm	Length: 259 mm	Width: 109 mm	Weight: 200 g	Retail box: 6	Art. no. 1027223		

Retail pack

- Features blade retraction mechanism that prevents against accidental blade retraction.
- Metal body for optimal balance and jobsite durability and a reinforced metal end that provides reliable resistance against pounding and drops.
- 5 pcs blade internal storage capacity.

CarbonMax™ Folding utility knife						EAN	 6 4 1 1 5 0 1 7 0 1 4 2 8
Height: 30 mm	Length: 185 mm	Width: 109 mm	Weight: 200 g	Retail box: 6	Art. no. 1027224		

Retail pack

- Features a foldable blade mechanism for compact storage and portability.
- Metal body for optimal balance and jobsite durability and a reinforced metal end that provides reliable resistance against pounding and drops.
- 2 pcs blade internal storage capacity.

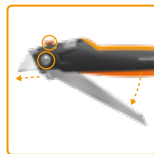

CarbonMax™ Painters utility knife						EAN	 6 4 1 1 5 0 1 7 0 1 4 3 5
Height: 33 mm	Length: 260 mm	Width: 109 mm	Weight: 278 g	Retail box: 6	Art. no. 1027225		

Retail pack

- With integrated bucket opener and screwdriver bit for opening paint cans and removing and installing light switch plates.
- Metal body for optimal balance and jobsite durability and a reinforced metal end for closing lids or pounding in nails.
- 3 pcs blade internal storage capacity.

CarbonMax™ Drywaller utility knife						EAN	 6 4 1 1 5 0 1 7 0 1 4 4 2
Height: 30 mm	Length: 260 mm	Width: 109 mm	Weight: 234 g	Retail box: 6	Art. no. 1027226		

Retail pack

- Features the two most common hand tools used by drywallers; utility knife and jab saw for blazing through drywall.
- Both blades are on the same end of the tool and lock into place for additional safety.
- Metal body for optimal balance and jobsite durability and a reinforced metal end that provides reliable resistance against pounding and drops.
- 3 pcs blade internal storage capacity.

CarbonMax™ Snap-off blades, 25mm, 10 pack						EAN	 6 411501 560407
Height: 216 mm	Length: 32 mm	Width: 76 mm	Weight: 173 g	Retail box: 6	Art. no. 1048067		

- Replacement blades for Fiskars CarbonMax™ 25 mm snap-off utility knives.
- CarbonMax™ blades feature Fiskars' proprietary, edge-retention coating.
- Stays sharp up to 24x longer than standard utility blades.
- Laboratory tested and verified.
- Blade snaps off cleanly for a new sharp tip.
- Pack includes 10 pcs 25 mm snap-off blades.

Stay Sharp,
knives for
every task

Hardware knives

To make cutting effective, your knife should always be as sharp as possible. That's why we integrated a high quality sharpener in the sheath. The sheath is available in all knives in this ranges, so you'll always have it with you.

The handle has great ergonomics, and the innovation in the knives sheath allow both left and right handed use. The range consist of 5 different colour coded knives, covering all building tasks.

Impact hammer head for deeper cuts.

Soft Grip™

Superior Ergonomics

Optimised handle shape with patent pending grip pattern that provides additional grip exactly where it is needed

Easy to use

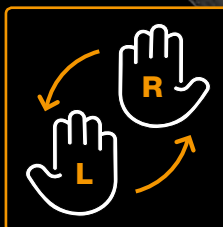

Fully exposed handle makes it easy to extract the knife from its sheath

StaySharp™

+ Integrated sharpener

Reversible collar for left and right handed use.

**Tough,
relentless
cuts**

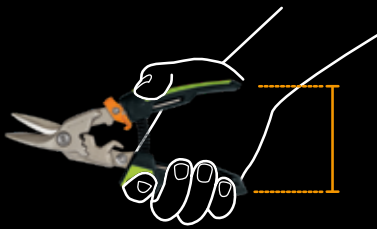

PowerGear™

Utilise more of your strength.

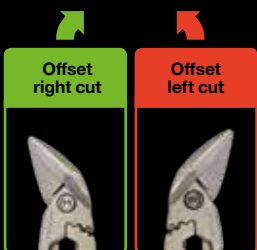

Patented PowerGear™ technology gives you over 40% more power. Makes cutting sheet metal easier, especially at the beginning of the cut where more force is required.

Optimised handle span.

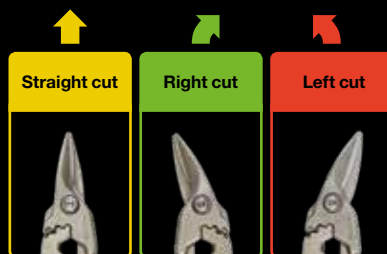

Fits your grip, letting you apply more power without sacrificing cut length.

A tool for every task

Offset aviation snips allow you to keep your hand on top of the sheet allowing to cut through to the center of the sheet. They cut at a sharper angle, distancing your hands from sharp, jagged work surfaces.

Ideal for cutting a range of heavy-duty materials.

Shorter cut length that increases cutting capacity

PowerGear™

40%
MORE
POWER

Aviation snips

Fiskars Pro PowerGear™ aviation snips are ideal for cutting a range of heavy-duty materials, including sheet metal, ductwork, drywall corners, metal studs, siding, soffit, fascia, drip edge, gutters and more.

They feature blades with PowerGear™ patented technology; leverage-enhancing gears that give you over 40% more power, especially during the toughest part of the cut.

Height: 76 mm	Length: 920 mm	Width: 203 mm	Weight: 5220 g	Retail box: 2	Art. no. 1020220		

Retail pack

reddot award 2016 winner

- Ideal for splitting wood (splitting face) or driving wedges and stakes (driving face).
- Optimised blade geometry offers better penetration and blasts tough logs apart.
- Driving face can be struck with another tool during splitting to help force the wedge.
- Inseparable riveted head will not slide down or snap off, even when swinging with maximum force.

IsoCore™ Pick, L

Height: **90 mm** Length: **910 mm** Width: **469 mm** Weight: **3400 g** Retail box: **2** Art. no. **1020166**

EAN

Retail pack

- Ideal for breaking up rocky surfaces such as gravel and hardened, dried earth (pick end), or for use as a hoe when digging in tough soil (mattock end).
- Inseparable riveted head will not slide down or snap off, even when swinging with maximum force.

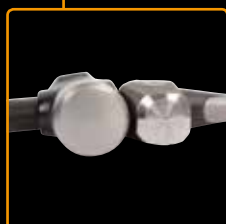

Sledge hammer

5x more destructive

Induction hardened wedge shaped demolition head concentrates force for maximum destruction and directs debris to the sides, away from the user

Inseparable riveted head

Stainless steel riveted head and steel reinforced core gives our product unmatched head retention and durability

Driving face

Induction hardened extra-large diameter improves strike accuracy. Larger than competition.

Forged, heat-treated steel with rust-resistant coating

Strategic texturing improves grip & helps prevent blisters

IsoCore™ shock-absorbing insulation sleeve with overstrike protection

Handle flare keeps tool firmly in hand

IsoCore™

50% LESS SHOCK

Hammers

E.A.B. [EXCHANGE-A-BLADE] LITE™

The Gerber Exchange-A-Blade pocket knife employs contractor grade utility blades that can easily be replaced, keeping you ready and on the go. A stainless steel body and liner lock construction keep this tool sturdy and stable while in use.

BLADE LENGTH:	3.8 cm
WEIGHT:	65 g
HANDLE:	STAINLESS STEEL

- FINE EDGE, UTILITY BLADE
- CONTRACTOR GRADE REPLACEABLE BLADE
- LINER LOCK
- POCKET / MONEY CLIP

This knife is in my pocket everywhere I go. It's light weight and rugged. I can barely feel it in my pocket. It's perfect for what I do for a living. I move around a lot and need a blade at the drop of the dime. The blade screw makes things simple and handy. The swing arm is fluid and smooth. I would be lost without this little guy.
