The Fiskars story began over 375 years ago.

- 1649** Fiskars ironworks founded in Fiskars village
- 1832** Production focuses on processing iron, and Finland's first cutlery mill is founded, with a product range expanding from knives to include forks and scissors
- 1883** Fiskars becomes a limited company
- 1929** Fiskars transforms to accommodate mass production
- 1956** Fiskars hones its expertise in cookware
All Fiskars cookware* is manufactured at our own factory in Central Finland, in the village of Sorsakoski. The factory has been inseparable part of Sorsakoski and whole Leppävirta area since 1891, serving first as Hackman and later as Fiskars factory. Made from high-quality materials, our cookware is durable and timeless – perfectly combining innovation and Nordic craftsmanship.
*excluding Fiskars cast iron.

Technologies & materials explained

Fiskars knife materials

Stainless steel
Stainless steel has different “standards” such as Japanese or German, but in the end differences are not big between these two classifications. Generally speaking, stainless steel is most common steel type in kitchen knives and is suitable for many different kind of kitchens and purposes due to its good resistance and durability. As name indicates, the stainless steel endures well moisture and is therefore very carefree as it doesn’t rust easily for example in dishwasher use. Used in **Hard Edge**, **Edge**, **Folken**, **Functional Form**, **Sensei** and **Essential** knives.

High carbon stainless steel
High carbon stainless steel is characterised by a high carbon content making the material stronger and harder, but also therefore little bit more brittle. Although carbon steel is stronger and more durable than stainless steel, carbon steel may rust and corrode when exposed to high moisture, as it lacks the natural corrosion-resistant properties of its stainless steel counterpart. Carbon steel is often preferred by professional chef’s due to its great durability and sharpness. Used in **All Steel** and **Norden** knives.

Titanium
Titanium is extremely lightweight and naturally corrosion resistant material and it has excellent flexibility. Knives made of titanium may be flexed or bowed repeatedly without undergoing rupture. Titanium is a relatively soft material when compared to stainless steel, that’s why **LZR-EDGE™** technology is applied to Fiskars **Taiten** knives to create ultimately long-lasting sharpness and edge durability.

Fiskars cookware materials

Stainless steel
Stainless steel is an outstanding cookware material that’s suited to all kind of cooking. Due to its natural properties, stainless steel is extremely durable, hygienic and easy to care for. Stainless steel has a naturally attractive appearance and, by default, sustains very high temperatures. All Fiskars stainless steel cookware includes an Aluminium layer for improved heat conductivity, and it enhances product performance. All Fiskars cookware products work on any hob, including induction hobs. Fiskars stainless steel cookware product lines are **All Steel**, **Norden Steel** and **Functional Form**.

Aluminium
Aluminium has very good thermal conductivity, thus it guarantees naturally equal heat distribution to base and sides of the cookware, speeding up food preparation and saving energy. Aluminium is light to handle and excellent for everyday cooking. All Fiskars cookware products work on all hobs, including induction hobs, thanks to a special treatment of Aluminium. Fiskars Aluminium cookware product lines are **Hard Face** and **Taiten**.

Cast iron
Cast iron performs best for long and gentle simmering of soups and stews, oven-baking, and also for extreme, high-temperature frying of steaks and such due to its superior heat capacity. Cast iron cookware performs better with age due to natural seasoning it accumulates during use. Cast iron is not suited for the dishwasher, and it should be exclusively hand-washed. Fiskars cast iron cookware product lines are **Norden Cast iron** and **Folken**.

Technologies in our products

Technology	Energy Base	OPTIHEAT™	3-layer base	3-ply technology	LZR-EDGE™
Icon					
Description	<p>Energy Base performs well on all hobs, but the ultimate benefits are evident with a ceramic hob, where Energy Base heats up to 50% faster and uses 30% less energy by transferring heat easily.</p> <p>Used in all Fiskars Aluminium cookware products.</p>	<p>OPTIHEAT™ technology protects the cookware coating from overheating on an induction hob. When the temperature of the pan exceeds 230°C, the material demagnetises until the temperature drops. OPTIHEAT™ technology activates only on an induction hob but is usable on all other hobs too, just without the demagnetising properties.</p>	<p>High-quality impact bonded 3-layer base is optimised for efficient and even heating in cookware products. The layers are formed with a thick Aluminium core between high-quality stainless steel layers.</p> <p>Used in all Fiskars stainless steel cookware products (excluding Norden Steel that is manufactured with multi-ply technology).</p>	<p>Cookware made with multi-ply technology has a stainless steel exterior and interior with an aluminium core between the steel layers. The aluminium layer is fully covered, making the product very long-lasting by preventing damage, while also providing a premium look.</p> <p>Works well on induction hobs. Heat also transfers well to the sides, making the item optimal for simmering.</p>	<p>LZR-EDGE™ technology is used in selected Fiskars knives to give the knife long-lasting sharpness with the most perfect cutting angle. Sharpness lasts 4 times longer than a regular knife.</p>
Product lines	Taiten, Hard Face	Taiten OPTIHEAT™	All Steel, Functional Form	Norden Steel	Hard Edge, Taiten
Ideal for	Ceramic hob, but suitable for all	Induction hob, but suitable for all	Performs well on all hobs	Performs well on all hobs	Long-lasting sharpness

Coatings explained

Cookware is often coated to introduce or to improve non-stick properties that prevent food from sticking on the surface of the cookware and make it easier to clean. Fiskars aluminium cookware, like the Hard Face™ range, is always coated, steel cookware found in the All Steel™ range is coated when non-stick is desired, and cast iron product ranges like Folken™ also offer some coated options.

Fiskars uses ceramic coatings to provide a care-free choice for cooking. Ceramic coating doesn't include plastics and in production, the ceramic coating requires approximately 30% less energy* than the PTFE coating.

With Fiskars cookware, we use two types of ceramic coatings: Ceratec™ and Ceratec™ Superior. Ceratec™ non-stick coating has good non-stick properties. Ceratec™ Superior non-stick coating has excellent non-stick properties and is perfect for high temperatures. Ceramic coating browns beautifully and stands heat very well, recommended maximum frying temperatures of up to 270°C.

Wooden, silicone, plastic and other non-scratching material utensils are highly recommended to maintain the coating surface in good condition and to lengthen the coated cookware lifespan. We recommend handwashing ceramic-

coated cookware. All Fiskars ceramic-coated cookware can be washed in the dishwasher, but handwashing the frying pan is recommended because it will prolong the life of the coating.

*Based on tests conducted at our own factory in Sorsakoski, Finland, the ceramic coating process consumes approximately 30% less energy compared to the old PTFE coatings.

Norden

Lasting Nordic design, inspired by nature

Norden draws inspiration from Nordic nature, culture and traditions and then reinterprets them in a modern way. The range captures the Nordic way of living; progressive, yet strongly rooted in heritage. The range consists of cast iron and stainless steel cookware, premium kitchen knives, outdoor cooking tools and utensils.

Norden outdoor cooking tools

features & benefits

DESIGNED
IN FINLAND

Grill utensils

- 1 Solid, premium wood**
Oak and heat-treated birch wood are sourced from responsibly managed forests.

2 Premium stainless steel for ultimate performance
Premium stainless steel for durability and high temperature use.
- 3 Wood for non-stick cookware**
All wooden grilling utensils are suitable for non-stick cookware surfaces.

4 Perfectly balanced
Perfect balance for comfort and control in use.

Grill cookware

- 1 Durable cast iron**
Durable cast iron pot and plate are ideal for a wide variety of cooking styles.

2 Easy to clean
Thermium™ mineral treatment makes inner surface very easy to clean and care for.

3 High temperatures
Heatproof up to 270°C, not recommended for use with metal utensils.
- 4 Premium stainless steel**
Premium stainless steel lid for lasting durability.

5 Stainless steel steaming basket
Multi-function cooking: use it as a grill basket for preparing delicate ingredients, as a steamer or as a colander.
- 6 Norden Grill Chef system**
Use it with the Norden Grill Chef Pot for 1- or 2-layer steaming on your barbeque grill or indoor kitchen.

7 Convenient storing
All Grill Chef parts can be stored inside the grill pot.

Grill pot

Norden outdoor cooking tools

Grill Chef pot					Art.no. 1066430	EAN	
Height: 13,1cm	Length: 33,2cm	Width: 34 cm	Weight: 5,86 kg	Retail box: 1	Oldart.no. -		

- Durable cast iron pot is ideal for a wide variety of cooking styles on the grill and indoors and for easy mixing.
- Thermium™ mineral treatment makes inner surface very easy to clean and care for.
- Premium stainless steel lid.
- Part of the stackable Norden Grill Chef system.
- Suitable for induction, ceramic, gas and traditional hobs. Also for open fire and different grills.

Grill Chef Steel basket/steamer					Art.no. 1066431	EAN	
Height: 8,1cm	Length: 32 cm	Width: 32,2 cm	Weight: 1,05 kg	Retail box: 1	Oldart.no. -		

- For multi-function cooking: use it as a grill basket for preparing delicate ingredients, as a steamer or as a colander.
- Premium stainless steel for lasting durability.
- Use it with the Norden Grill Chef Pot for 1- or 2-layer steaming on your barbeque grill or indoor kitchen.
- Part of the stackable Norden Grill Chef system.

Grill Chef cooking plate					Art.no. 1066432	EAN	
Height: 4,3cm	Length: 32,2cm	Width: 32,2cm	Weight: 2,64 kg	Retail box: 1	Oldart.no. -		

- Durable cast iron plate is ideal for cooking pancakes, fish or vegetables on the grill or over open flame.
- Two layers of enamel and unique Thermium™ mineral treatment makes cooking surface very easy to clean and care for.
- Bottom legs provide stability while cooking and serving.
- Part of the stackable Norden Grill Chef system.
- Suitable for open fire and different grills.

Grill Chef spatula					Art.no. 1066425	EAN	
Height: 3cm	Length: 44,4cm	Width: 8,6cm	Weight: 0,39 kg	Retail box: 1	Oldart.no. -		

- Solid, premium stainless steel head is thinly shaped to easily flip food.
- Serrated edge cuts ingredients.
- Convenient loop for hanging when not in use.
- Handle made of high-quality, heat-treated birch.

Grill Chef tongs					Art.no. 1066426	EAN	
Height: 3cm	Length: 44,4cm	Width: 8,6cm	Weight: 0,38 kg	Retail box: 4	Oldart.no. -		

- Solid, premium stainless steel tongs have a non-twisting joint for precision.
- Serration enables good grip.
- Convenient loop for hanging when not in use.
- Handle made of high-quality, heat-treated birch.

Grill Chef fork					Art.no. 1066427	EAN	
Height: 2,9cm	Length: 45,2cm	Width: 8,7cm	Weight: 0,31kg	Retail box: 4	Oldart.no. -		

- Solid, premium stainless steel fork easily grabs large ingredients.
- Convenient loop for hanging when not in use.
- Handle made of high-quality, heat-treated birch.

Grill Chef tools set 2pcs					Art.no. 1066552	EAN	
Height: 3,3cm	Length: 47,3cm	Width: 14,2cm	Weight: 0,78kg	Retail box: 4	Oldart.no. -		

- Spatula's solid, premium stainless steel head is thinly shaped to easily flip food.
- Spatula's serrated edge cuts ingredients.
- Tongs are made of premium stainless steel and have a non-twisting joint for precision.
- Tongs serration enables good grip.
- Convenient loop for hanging when not in use.
- Handle made of high-quality, heat-treated birch.

Grill Chef spoon wooden					Art.no. 1066428	EAN	
Height: 2,5cm	Length: 43,2cm	Width: 7,7cm	Weight: 0,13kg	Retail box: 4	Oldart.no. -		

- A beautiful piece for grilling, cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design.
- Safe for use with non-stick cookware.

Grill Chef spatula wooden					Art.no. 1066429	EAN	
Height: 2,5cm	Length: 43,2cm	Width: 7,7cm	Weight: 0,13kg	Retail box: 4	Oldart.no. -		

- A beautiful piece for grilling, cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design.
- Safe for use with non-stick cookware.

Norden utensils features & benefits

- 1 Solid, premium wood**
Oak and heat-treated birch wood are sourced from responsibly managed forests.
- 2 Premium stainless steel for ultimate performance**
Premium stainless steel for smooth grating, peeling and slicing tasks.
- 3 Suitable for non-stick cookware**
All wooden cooking utensils are suitable for non-stick cookware surfaces.
- 4 Perfectly balanced**
Perfect balance for comfort and control in use.
- 5 Unique variation**
Natural variation in wood colour and grain makes each product unique.
- 6 For cooking and serving**
Fits well for cooking and dinner table, designed to seamlessly fit the modern kitchen.

Norden kitchen utensils

Grater coarse					Art.no. 1065244	EAN	
Height: 2,9cm	Length: 34,5cm	Width: 7,3cm	Weight: 0,28kg	Retail box: 4	Oldart.no. -		

- Premium stainless steel provides smooth grating.
- Ideal for coarsely grating a variety of ingredients including carrots, soft cheese, ginger and more.
- Handle made of high-quality, heat-treated birch.
- Rubber leg prevents sliding.
- Designed for optimal balance and comfort during use.

Grater fine					Art.no. 1065245	EAN	
Height: 2,9cm	Length: 34,5cm	Width: 7,3cm	Weight: 0,28kg	Retail box: 4	Oldart.no. -		

- Premium stainless steel provides smooth grating.
- Ideal for finely grating a variety of ingredients including citrus fruit, spices, garlic, chocolate, hard cheeses and more.
- Handle made of high-quality, heat-treated birch.
- Rubber leg prevents sliding.
- Designed for optimal balance and comfort during use.

Y-peeler					Art.no. 1065246	EAN	
Height: 2,9cm	Length: 20,7cm	Width: 7,4cm	Weight: 0,11kg	Retail box: 4	Oldart.no. -		

- Premium stainless steel blade for smooth peeling.
- Swivel blade adapts perfectly to the shape of the food.
- Ideal for a variety of peeling tasks, especially for long vegetables such as cucumbers and carrots.
- Handle made of high-quality, heat-treated birch.

Fixed peeler					Art.no. 1065247	EAN	
Height: 2,9cm	Length: 20,7cm	Width: 7,4cm	Weight: 0,06kg	Retail box: 4	Oldart.no. -		

- Premium stainless steel blade for smooth peeling.
- Ideal for a variety of peeling tasks, especially for long or round fruits and vegetables like asparagus, potatoes and apples.
- Handle made of high-quality, heat-treated birch.

Cheese slicer, hard cheese					Art.no. 1065248	EAN	
Height: 2,9cm	Length: 23,4cm	Width: 7,9cm	Weight: 0,08kg	Retail box: 4	Oldart.no. -		

- Premium stainless steel blade for smooth slicing.
- Thin sliding blade guarantees perfect slices.
- Ideal for evenly slicing hard cheeses, such as gouda.
- Handle made of high-quality, heat-treated birch.

Fish spike					Art.no. 1065249	EAN	
Height: 3cm	Length: 25,3cm	Width: 7,4cm	Weight: 0,15kg	Retail box: 4	Oldart.no. -		

- Premium stainless steel spike for ultimate performance.
- Securely grips fish while filleting or preparing.
- Handle made of high-quality, heat-treated birch.
- Pairs with Norden filleting knife.

Carving fork					Art.no. 1065250	EAN	
Height: 3,1cm	Length: 28,8cm	Width: 7,3cm	Weight: 0,15kg	Retail box: 4	Oldart.no. -		

- Premium stainless steel fork for ultimate performance.
- Securely grips roasts and meat while carving.
- Handle made of high-quality, heat-treated birch.
- Pairs with Norden Carving knife.

Spatula					Art.no. 1065696	EAN	
Height: 2,75cm	Length: 34,2cm	Width: 7,25cm	Weight: 0,10kg	Retail box: 4	Oldart.no. -		

- A beautiful piece for cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design.
- Safe for use with non-stick cookware.

Wok turner					Art.no. 1065697	EAN	
Height: 2,7cm	Length: 33,4cm	Width: 8,1cm	Weight: 0,09kg	Retail box: 4	Oldart.no. -		

- A beautiful piece for cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design.
- Safe for use with non-stick cookware.

Spoon set 2pcs					Art.no. 1065698	EAN	
Height: 3,45cm	Length: 33,2cm	Width: 7,35cm	Weight: 0,16kg	Retail box: 4	Oldart.no. -		

- Two beautiful pieces for cooking and serving.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced designs.
- Safe for use with non-stick cookware.

Tongs					Art.no. 1065699	EAN	
Height: 2,9cm	Length: 33cm	Width: 7,5cm	Weight: 0,09kg	Retail box: 4	Oldart.no. -		

- A beautiful piece for cooking and serving.
- Serrated teeth easily grab food.
- Made of solid, high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced designs.
- Safe for use with non-stick cookware.

Knife sharpener					Art.no. 1065710	EAN	
Height: 5,5cm	Length: 9,85cm	Width: 7,6cm	Weight: 0,2kg	Retail box: 4	Oldart.no. -		

- Made of high-quality oak.
- Ceramic grindstone provides optimal sharpening for knives with straight, steel blades.
- Integrated finger guard, easy and quick to use.
- Suitable for all stainless steel knives with straight blade.

Cutting board small					Art.no. 1065711	EAN	
Height: 3,2cm	Length: 26,1cm	Width: 20,6cm	Weight: 0,98kg	Retail box: 2	Oldart.no. -		

- Beautiful board for cutting and serving.
- Made of high-quality oak.
- Natural variation in wood colour and grain makes each product unique.
- Perfectly balanced design, with edges for easy lifting.
- Pairs with Norden Cutting Board Large.

Cutting board large					Art.no. 1065712	EAN	
Height: 3,1cm	Length: 36cm	Width: 25,5cm	Weight: 1,81kg	Retail box: 2	Oldart.no. -		

- Beautiful board for cutting and serving.
- Made of high-quality oak.
- Integrated cup for minced herbs or for serving small ingredients.
- Cup hole also accommodates Norden Roll-Sharp Knife sharpener.
- Natural variation in wood colour and grain makes each product unique.
- Pairs with Norden Cutting Board Large.

Norden cast iron features & benefits

1 Perfect slow-cooking

Cast iron stores heat evenly and stays warm longer making the casseroles ideal for traditional slow cooking and simmering.

2 Unique mineral treatment

The unique **Thermium**™ mineral treatment gives natural non-stick properties even in very high temperatures. The treatment is applied to Norden cast iron casseroles and frying pans.

3 Non-stick surface

The non-stick surface allows for frying even the most delicate ingredients.

4 Easy to maintain

No surface seasoning needed - easy to maintain.

5 Wooden trivet

Wooden trivet made of Finnish birch.

6 Wooden handle

The wooden handle is made of Finnish birch. It can be removed when placing the frying pan in an oven.

Norden cast iron cookware

Pot 4,0L Birch					Art.no. 1071127	EAN	
Height: 15,5 cm	Length: 30 cm	Width: 25,7 cm	Weight: 5,84 kg	Retail box: 1	Old art.no. -		

- Limited colour edition.
- Cast iron stores heat extremely well and is perfect for slow cooking.
- Unique Thermium™ mineral treatment on the enameled cast iron surface makes the casserole easy to care for-no seasoning required.
- Removable wooden trivet made of Finnish birch.

Pot 4,0L Nettle					Art.no. 1071128	EAN	
Height: 15,5 cm	Length: 30 cm	Width: 25,7 cm	Weight: 5,84 kg	Retail box: 1	Old art.no. -		

- Limited colour edition.
- Cast iron stores heat extremely well and is perfect for slow cooking.
- Unique Thermium™ mineral treatment on the enameled cast iron surface makes the casserole easy to care for-no seasoning required.
- Removable wooden trivet made of Finnish birch.

Pot 4,0L					Art.no. 1026565	EAN	
Height: 15,5 cm	Length: 30 cm	Width: 25,7 cm	Weight: 5,84 kg	Retail box: 1	Old art.no. -		

- Premium quality cast iron pot inspired by Nordic nature and traditions.
- Cast iron stores heat extremely well and is perfect for slow cooking.
- The unique Thermium™ mineral treatment on the enameled cast iron surface gives the pot superior natural non-stick properties even in very high temperatures.
- No rusting and no surface seasoning needed - easy to maintain.
- Removable wooden trivet made of Finnish birch.

Pot 6,0L					Art.no. 1026566	EAN	
Height: 16,3 cm	Length: 34 cm	Width: 30 cm	Weight: 7,6 kg	Retail box: 1	Old art.no. -		

- Premium quality cast iron pot inspired by Nordic nature and traditions.
- Cast iron stores heat extremely well and is perfect for slow cooking.
- The unique Thermium™ mineral treatment on the enameled cast iron surface gives the pot superior natural non-stick properties even in very high temperatures.
- No rusting and no surface seasoning needed - easy to maintain.
- Removable wooden trivet made of Finnish birch.

Taiten

Exceptional control for moments of creation

Creation is like life shrunk into one process. It's not about what waits in the end: it's the small victories during your journey. For you to be in control of every step of the way, we have created Fiskars Taiten. So you can turn the spark of an idea into something tangible and beautiful using your own hands, skills, aesthetic, and vision.

As you are immersed at the moment with Taiten, there are no obstacles, only opportunities. Your breathing is steady. Your movements are fluid; your flow is unbreakable.

With Taiten, you have the creative freedom to enjoy small victories on the way.

Taiten cookware features & benefits

- 1 Even heating**
Made of 100% recycled, high-quality aluminium, which conducts heat extremely well, heating food not only from the bottom, but also the pan's sides.
- 2 Sturdy stainless steel handle**
Stainless steel handle is sturdy and ovenproof up to 270°C.
- 3 Ceratec™ Superior non-stick coating**
Excellent non-stick properties and perfect for high temperatures.
- 4 Energy saving base**
The energy base heats up 50% faster on ceramic hobs and saves 30% energy.
- 5 Works on all hobs.**
With frying pans and sauté pan, revolutionary **OPTIHEAT™** technology prevents the pan from overheating on induction hobs, making it an innovative choice for modern kitchens. Taiten cookware works with all hobs.
- 6 Made in Finland.**
Taiten cookware is made in Sorsakoski factory in central Finland.

Whetstone					Art.no. 1058937	EAN 
Height: 28.4 cm	Length: 4.5 cm	Width: 7.9 cm	Weight: 0.76 kg	Retail box: 4	Oldart.no. -	

- All-In premium knife sharpener set is suitable for titanium or stainless steel knives with a straight blade.
- The set includes
 - a whetstone with two grits 1000/5000
 - a sharpening angle guide (26°)
 - a polishing leather and
 - a storage case

To sharpen your knife, follow these steps:

1 Soak

Start by soaking the whetstone in water for 5-10 minutes. Water will act as lubrication when you sharpen the knife.

2 Grey coarse grit

After soaking the whetstone place it in the non-slip holder with the grey/coarse grit (1000) facing upwards.

3 Knife in angle guide

When using the sharpening angle guide, the easiest way to start is by placing the angle guide close to the handle and tighten the orange knob.

4 Start sharpening

Hold the knife and angle guide so that the blade meets the stone. The angle guide is supposed to softly touch the stone together with the blade. Push back and forth across the stone with smooth and steady strokes.

5 Sharpen remaining parts

Move the angle guide closer to the tip of the knife to sharpen the remaining parts of the blade.

6 Turn the knife

After one side is done, turn the knife and repeat with the other side of the blade.

7 White smooth grit

Now it's time to turn the whetstone to finalise the sharpening, with the white/smooth grit (5000) facing upwards. Sharpen the whole length of the blade using the angle guide and repeat for both sides of the blade.

8 Rinse

You're almost done here. Now remove the angle guide from the blade and rinse both the knife and the whetstone under running water and dry both with a cloth. Be careful, your knife is now super sharp!

9 Polishing leather

Add a final touch by polishing the blade with the provided polishing leather. Place the leather on top of the stone with the rough side up and stroke the knife carefully along the leather 3-5 times on both sides (see image).

10 Maintenance

Congrats, now you're done! For more information on maintaining your knives, please visit www.fiskars.com

All Steel pure

Uncoated stainless steel cookware that lasts

Pure is a uniquely durable choice for the quality-conscious consumer.

With superbly functional and long-lasting designs and visually pleasing aesthetics, Pure offers you uncoated, exceptionally durable cookware with care-free performance.

Fiskars pure uncoated pans can be used at high temperatures and put in the oven. They are ideal for browning. However, to avoid burning and food sticking, it is important to adjust the temperature gradually. Uncoated stainless steel pans can brown at lower temperatures vs. coated pans. They are extremely durable and almost eternally everlasting due to the uncoated surface.

*Made of 90% recycled materials & no plastics.

All Steel pure uncoated pans

features & benefits

Body made from 90% recycled stainless steel

Features & benefits

- 1 Durability**
Made of durable stainless steel.
Can also be used with metal utensils.
- 2 Classic stainless steel**
Stainless steel handle is ovenproof up to 270°C.
- 3 Unique engraved pattern**
The engraved pattern is meant for even spreading of cooking oils.
- 4 3-layer base**
The thick 3-layer base is optimised for efficient and even heating.
- 5 Rolled edge**
Re-inforced rolled edge, for better durability.
- 6 Made of recycled stainless steel**
Made of 90% recycled stainless steel with 92% lower carbon footprint than the industry average.
- 7 Made in Finland.**
All Steel pans are made in Sorsakoski factory in central Finland.

Did you know?

Uncoated stainless steel pure pans brown at lower temperatures vs. coated pans. That's why it's very important to adjust and lower frying temperatures to avoid food burning and sticking. Try yourself and find the optimal temperature for your pure cooking moment!

All Steel

Timeless steel, unmatched durability in the kitchen

In a world where fleeting trends and disposable goods dominate, Fiskars All Steel stands as a testament to enduring quality and timeless craftsmanship.

Each piece reflects our commitment to creating cookware that last. Crafted from premium stainless steel, All Steel ensures unmatched durability combining all the great elements of steel such as optimal balance and excellent heat distribution without compromising on effortless use and maintenance.

The timeless and simplistic design isn't just award-winning — it elevates your kitchen into a space of enduring joy.

Hard Face

Trusted toughness for
any cooking challenge

Robust and tough on the outside, friendly and caring on the inside. Hard Face is your trusted companion in the kitchen, helping you come out as a winner through any cooking challenge.

Hard Face ceramic coated cookware features & benefits

- 1 Ceratec™ Superior non-stick coating**

Excellent non-stick properties and perfect for high temperatures.
- 2 Superior base**

The energy base is optimised for 50% faster heating and saves 30% energy on ceramic hobs. Thick base heats efficiently and evenly on all hobs.
- 3 A comfortably designed handle**

A comfortably designed plastic handle stays cool and ensures a good grip

- 4 Flat glass lid with two pouring options**

A transparent, heat-resistant glass lid makes it easy to observe food preparation and includes two different pouring functions.
- 5 Works on all hobs, including induction.**
- 6 Made in Finland**

All Hard Face products are made in Sorsakoski factory in central Finland.

Hard Edge

Sharp and tough durability for everyday use

Fiskars Hard Edge knives are designed to ensure that they stay sharp and can comfortably handle everyday cooking needs.

The knife blades are made of thick stainless steel with the revolutionary LZR-EDGE™ technology on the cutting edge. This allows the knife to stay sharp 4 times longer than standard knives. The knife handles also feature an ergonomic design with a unique 3D pattern to ensure the perfect grip.

Hard Edge knives features & benefits

Hard Edge knives are designed to ensure longer lasting sharpness for all occasions.

1 **Revolutionary LZR-EDGE™ Technology**

The hero part of the Hard Edge knife is the blade and edge. The edge has been refined using LZR-EDGE™ technology giving the knife long lasting sharpness, lasting 4 times longer.

2 **Thick stainless steel blade**

The knives have thick cut stainless steel blades for durability.

3 **Comfortable grip**

A Softouch™ and three dimensionally patterned handle for a comfortable and safe grip.

4 **Easy to maintain**

The knife is easy to maintain, when needed, it is easy to re-sharpen: any sharpening tool can be used. The knife is also dishwasher safe.

Fiskars x littala

Taika collection

The Taika collection features designer Klaus Haapaniemi's illustrations inspired by nature and storytelling. 'Magic' in Finnish, Taika patterns gradually reveal their details and layers of meaning to the viewer. Made in Finland.

Fiskars X littala scissors features & benefits

Klaus Haapaniemi (b. 1970) is an internationally renowned designer, recognised for his original style and imagination. His design approach is influenced by mystical nature, Finnish folklore and traditional decorative arts with a modern twist. The inspiration for the prints comes from a rich selection of cultural references: the worlds of art, ballet, music and storytelling.

Features & benefits

- 1 Made in Finland, tested by hand**
Made in Billnäs, Finland, based on an over 365-year tradition of craftsmanship. Scissors are hand-tested at the factory, ensuring premium, long-lasting quality.

2 Designers patterns come to life on the handles
 - 3 different pattern colours.
 - Handles are ergonomic and comfortable.
 - For right-handed.
- 3 Concept blade stamp**

4 Sharp blades
High quality stainless steel blades are durable and long-lasting.

5 Screw enables adjusting blade tension
Screw keeps the blades steadily together.

- Dishwasher safe.
- Top-quality 18/10 stainless steel.

Cutlery set, 24 pcs, polished					Art.no. 1071623	EAN	
Height: 6cm	Length: 25cm	Width: 25cm	Weight: 1,42kg	Retail box: 6	Oldart.no. 1002949		

- Gift box with six 4-piece settings, 24 pcs in total.
- Contains: 6 x dining spoon, 6 x dining fork, 6 x dining knife, 6 x tea spoon
- A classic design for everyday carefree use.
- Dishwasher safe.
- Top-quality 18/10 stainless steel.

Edge knives

Modern all-around
knife with non-stick
properties

Fiskars Edge knives have a sleek, modern design and innovative features. The specialised coating does much more than just gives the knife an attractive black finish – it makes it easier to maintain.

Edge knives features & benefits

Durability for easy cutting, easy cleaning and storing.

- 1

Strong and thick blade for better cutting
High-quality Japanese standard stainless steel and taper grinding ensure sharpness of blade.
- 2

Ergonomic design
Enables all grips and left/right handed use.
Handle enables user to hold knife close to blade.

- 3

Durable and easy to clean blade
Protective non-stick coating prevents corrosion and food from sticking to the blade.
- 4

Durable handle
Durable and impact resistant ABS plastic handle is easy to keep clean.

- A birchwood knifeblock with 5 knives; peeling knife, paring knife, bread knife, kitchen knife, 21 cm, and an Asian cook's knife.

Essential Roll-Sharp					Art.no. 1065598	EAN	
Height: 22,7cm	Length: 6,5cm	Width: 12,5cm	Weight: 0,08kg	Retail box: 6	Oldart.no. 1023811		

MADE IN FINLAND

- Easy to use sharpener with ceramic grindstone and non-slip base for both right- and left-handed use.
- Ensures an optimal cutting edge and lifelong performance.
- Easy to clean.
- Dishwasher safe.

Essential scissors

General purpose scissors 21 cm					Art.no. 1023817	EAN	
Height: 27 cm	Length: 2 cm	Width: 8,5 cm	Weight: 0,07 kg	Retail box: 10	Old art.no. 1002703		

- Designed to be practical and yet affordable.
- Ideal for anyone seeking to equip their kitchen with the basic must-haves.
- General purpose scissors are ideal for all kinds of cutting tasks at school and in the home.
- Ergonomic handles ensure a good grip.
- For right-handed.

Paper scissors 17 cm					Art.no. 1023818	EAN	
Height: 24 cm	Length: 1,5 cm	Width: 8,5 cm	Weight: 0,04 kg	Retail box: 10	Old art.no. 1002704		

- Designed to be practical and yet affordable.
- Ideal for anyone seeking to equip their kitchen with the basic must-haves.
- Paper scissors are lightweight compact scissors with long stainless steel blades for cutting paper.
- Ergonomic handles ensure a good grip.
- For right- and left-handed.

Poultry shears 23 cm					Art.no. 1023819	EAN	
Height: 2 cm	Length: 27,2 cm	Width: 8,8 cm	Weight: 0,14 kg	Retail box: 10	Old art.no. 1002914		

- Designed to be practical and ideal for anyone seeking to equip their kitchen with the basic must-haves.
- Strong poultry shears for skinning, cutting and finishing poultry and game.
- Curved, profiled blades make cutting easier and feature groove for cutting bones.
- SoftGrip™ handles with finger-loop.
- Scissors has thumb-operated locking mechanism.
- For right- and left-handed.

Cuts+More Multi-purpose scissors					Art.no. 1000809	EAN	
Height: 30,3 cm	Length: 2,5 cm	Width: 12 cm	Weight: 0,13 kg	Retail box: 3	Old art.no. 715692		

- Multi-purpose tool for inside and around the home.
- High-quality titanium blades.
- Take-apart design offers a knife as well as bonus features of a wire and twine cutter, bottle opener, power notch for light rope, tape cutter, sharpener and a blade sheath.
- For right-handed.

Essential utensils

Peeler					Art.no. 1065585	EAN	
Height: 24,5 cm	Length: 1,7 cm	Width: 6,5 cm	Weight: 0,03 kg	Retail box: 5	Old art.no. 1023786		

- For peeling fruit and vegetables.

Swivel peeler					Art.no. 1065586	EAN	
Height: 24,5 cm	Length: 1,7 cm	Width: 6,5 cm	Weight: 0,03 kg	Retail box: 5	Old art.no. 1023787		

- Swivel peeler for peeling fruit and vegetables easily.

Vegetable peeler					Art.no. 1065599	EAN	
Height: 21 cm	Length: 1,5 cm	Width: 6,5 cm	Weight: 0,03 kg	Retail box: 5	Old art.no. 1023824		

- Y-shaped peeler for peeling vegetables.

Cheese slicer					Art.no. 1065587	EAN	
Height: 22 cm	Length: 1,8 cm	Width: 7,5 cm	Weight: 0,04 kg	Retail box: 5	Old art.no. 1023789		

- The angle of the stainless steel blade ensures that the cheese does not break while cutting.

Soft cheese slicer					Art.no. 1065588	EAN	
Height: 17 cm	Length: 1,8 cm	Width: 7,5 cm	Weight: 0,03 kg	Retail box: 5	Old art.no. 1023790		

- The short stainless steel blade prevents soft cheese from sticking to the blade.

Grater, 4 sides					Art.no. 1065589	EAN	
Height: 23cm	Length: 8,3cm	Width: 11cm	Weight: 0,16kg	Retail box: 5	Oldart.no. 1023798		

- Classic rectangular grater with all standard grating functions and robust handle at the top.

Baking brush					Art.no. 1065590	EAN	
Height: 29cm	Length: 1,5cm	Width: 6cm	Weight: 0,03kg	Retail box: 10	Oldart.no. 1023802		

- Brush with heat-resistant natural bristles. Design by Tobias Wandrup.

Dough scraper					Art.no. 1065591	EAN	
Height: 35,8cm	Length: 0,8cm	Width: 6cm	Weight: 0,05kg	Retail box: 10	Oldart.no. 1023803		

- Scraper with asymmetrical silicone head.
- Easy to use for scraping at different angles. Design by Tobias Wandrup.

Spoon					Art.no. 1079057	EAN	
Height: 38cm	Length: 4cm	Width: 6,8cm	Weight: 0,03kg	Retail box: 10	Oldart.no. 1065592		

- Large cooking spoon.
- Pointed shape that makes it easy to get into all corners. Design by Tobias Wandrup.

Pasta spoon					Art.no. 1079058	EAN	
Height: 38cm	Length: 5,5cm	Width: 6cm	Weight: 0,04kg	Retail box: 10	Oldart.no. 1065593		

- Pasta spoon that ensures good grip on pasta while allowing cooking water to drain away.
- Hole can be used to measure 1 portion of spaghetti. Design by Tobias Wandrup.

Non-drip soup ladle					Art.no. 1079059	EAN	
Height: 38cm	Length: 8cm	Width: 8,5cm	Weight: 0,05kg	Retail box: 10	Oldart.no. 1065594		

- Drip-free edge ideal for both right- and left-handed users.
- Capacity 100 ml. Design by Tobias Wandrup.

Spatula					Art.no. 1079060	EAN	
Height: 38cm	Length: 5cm	Width: 6cm	Weight: 0,03kg	Retail box: 10	Oldart.no. 1065595		

- Flexible spatula with sharp edges and practical, asymmetrical head. Design by Tobias Wandrup.

Easy-care whisk					Art.no. 1079061	EAN	
Height: 35,5cm	Length: 5,5cm	Width: 6,5cm	Weight: 0,02kg	Retail box: 10	Oldart.no. 1065596		

- Pan whisk that is particularly well-suited for making sauces, etc.
- Easy to clean, removable head, ideal for non-stick surfaces. Design by Tobias Wandrup.

Tongs					Art.no. 1079062	EAN	
Height: 37,5cm	Length: 1,5cm	Width: 7cm	Weight: 0,03kg	Retail box: 10	Oldart.no. 1065597		

- Ideal for non-stick surfaces. Design by Tobias Wandrup.

Service and care

Service and care

Knives

The proper knife can make all the difference when it comes to preparing your ingredients. Not only is it essential to choose the correct style of knives for the dish and tasks at hand, you'll also need to consider which features — including comfort, aesthetics, longevity and more — make a knife or kitchen knife set ideal for you and your kitchen. Fiskars knows the importance of equipping your kitchen with the right tools, and we offer not only an inclusive, thoughtful assortment of knife styles, but also ranges that fit all of your must-haves and suit your personal preferences.

MAINTENANCE

The better a Fiskars knife is looked after, the longer the intervals, before it needs sharpening. However, it is perfectly normal for a knife to need sharpening every once in a while to maintain a perfect cutting edge. A knife stays sharp longer if you make sure to always cut on a suitable surface such as a chopping board made of wood or plastic. You should never use the knife directly on hard kitchen surfaces as this will blunt the edge.

Professional chefs use a sharpening tool each time when using a knife, to make sure it is sharp and ready for use. In normal domestic kitchens, it is not necessary to sharpen your knives as often. It is enough to either sharpen them at regular intervals or simply when they need it. Fiskars knives made of steel, have a hardness of between HRC 52 and HRC 58, which makes them ideal for everyday household use. Sharpening also made easy, using either a Fiskars Roll-Sharp™, a Fiskars sharpening steel or a Fiskars Whetstone.

Using a Fiskars Roll-Sharp™ for getting the job done quickly and easily. The Roll-Sharp™ should be placed on a flat surface, and the blade of the knife pushed backwards and forwards through it, 15-20 times. This makes sure the sharpening takes place at exactly the right angle. It is important that you move the knife backwards as well as forwards to make sure it gets sharpened on both sides. Using a sharpening steel or a whetstone requires some skill. The total sharpening angle of the knife is determining in which degree angle the sharpening should be done. With a sharpening steel the knife should be passed down the sharpening steel at the optimal angle each way, and repeated on

the other side. Use long, even strokes. The Fiskars® Whetstone Knife Sharpener includes all equipment that is needed for sharpening a knife. This extremely effective knife sharpener is suitable for use on all Fiskars® knives, including Taiten knives with titanium blades, which can only be sharpened with a sharpening stone. The package contains detailed instructions for safe, comfortable at-home knife sharpening. Irrespective of which method you prefer to use to keep your Fiskars knives sharp, you should rinse off the knife using hot water and dry it once you are finished.

CLEANING

Most Fiskars knives can be washed in the the dishwasher. Norden, Taiten, Folken & All Steel knives should be washed by hand. When washing your knives by hand, rinse and dry them off straight after washing. Fiskars knives must not be left to soak. It is also important not to allow food remains to dry on the surface of the knife, because acids present in the food residue will damage the knife in the long run. If you do put Fiskars knives in the dishwasher, it is a good idea to make sure they do not come into contact with other utensils, dishes or cutlery, because this will cause damage to the cutting edge.

Small amounts of rust are sometimes present in dishwashers of all kinds, and these can spread around while the dishwasher is running. These rust spots can stem from the inside of the dishwasher itself, or from other items being washed. They may also have been left behind by previous washes. If you prefer to wash your Fiskars knives in the dishwasher, open the door to let the steam escape. It is also a good idea to dry off the knives with a dry cloth once the dishwasher cycle is complete. If rust spots do appear on your knives you can remove them by using a regular steel cleaning product.

STORING

Most knives quickly become blunt, if they are just placed in a drawer, because the cutting edge gets damaged by movement and contact with other items. To keep Fiskars knives sharp, they should either be placed in a knife block or on a magnetic wall rack.

Scissors

The handles of all Fiskars scissors are injection-moulded directly onto the blades. This makes them as hygienic as possible, because there are no cracks and gaps in which bacteria can accumulate. Our handles are made of impact-resistant plastic.

The nickel-free blades are precision-ground, and our Classic, Functional Form, ReNew, Fiskars X littala as well as Fiskars X Moomin scissors are made of hardened stainless steel with a hardness of HRC 57. The scissors that have a screw enables easy adjustment of blade tension.

MAINTENANCE

The handles on Fiskars Classic scissors are made of polybutylene terephthalate (PBT), a plastic that can be sterilised effectively using either gamma rays or an autoclave. If you use an autoclave, the temperature should not exceed 121°C. It is a good idea to keep the blades sharp by regular use of a Fiskars Clip-Sharp™. Fiskars scissors are generally dishwasher safe.

Cutlery

All Fiskars cutlery is made out of durable and easy to care for 18/10 stainless steel which consists of 18% chromium and 10 % nickel. Chromium protects the steel against corrosion. The addition of nickel increases corrosion resistance while also giving it a bright silver like polished appearance, hardness, and exceptional resistance to all temperatures.

CARE INSTRUCTIONS

New cutlery should always be washed before first time use. To keep Fiskars cutlery looking good as long as possible, it is advisable to polish it with a regular steel cleaning product at least once a year.

Wash, or at least rinse, the cutlery immediately after dining. Do not soak the cutlery for a long time, and do not use steel wool for cleaning. If you wash the cutlery in the dishwasher, the cutlery basket should not be packed too full and the blades and spoons should have some space between them. When the cutlery is left in the machine after washing, open the hatch to let the steam escape. Humidity is not good for the cutlery. Acidic substances like vinegar, mustard, mayonnaise, rhubarb, and salt can cause tiny, dark spots, or even rust, on the surface of the cutlery if it is not rinsed or washed after use.

Even though the cutlery is very durable, it may become scratched, discolored or worn with time. You can make cutlery shiny again by using a regular steel cleaning product.

Cookware

Fiskars cookware is easy-to-clean and easy-to-love. From beautifully browned or seared ingredients to simple, effective clean-up, Fiskars delivers long-lasting, reliable food preparation, especially with proper care.

USE AND MAINTENANCE

Put oil or butter in the pan before starting to cook. Do not heat up an empty pan. Reduce hob temperature as soon as the oil or butter begins to boil and make sure the pan has heated up before adding the food into it.

We suggest frying on low- and mid-heat settings. Ceramic coated non-stick frying pan withstands heat very well. However, avoid using very high heat, as overheating the pan will weaken the coating. Be mindful, especially when using booster function on an induction hob, not to overheat the pan.

With casseroles, do not add salt before the water is boiling. Do not store food in coated pans. Hot cookware should not be put in cold water as the temperature shock may cause the base to become uneven.

While cooking with ceramic-coated cookware, using wooden, silicone, plastic and other non-scratching material utensils are highly recommended to maintain the coating surface lengthen the coated cookware lifespan. Metal utensils can be used with uncoated stainless steel cookware.

CLEANING

Wash the cookware before using it for the first time. After you are ready with your frying task, let the frying pan cool down before washing it. Fiskars aluminium and stainless steel cookware are dishwasher safe, but washing by hand will prolong their life span.

The Norden cast iron and Folken cast iron should be hand washed only. Thoroughly dry the cast iron cookware after washing. This will prevent rust forming on the edges, as the edges are not protected by the enamel.

—
! All Fiskars Kitchen products are officially approved for use in direct contact with food products.

Notes

Fiskars has championed the ageless principles of high quality and intuitive design since 1649. We empower every enthusiast to follow their passions and create the life they want. We believe that making our daily activities enjoyable and inspiring builds happiness and wellbeing that extends beyond our homes – to our families, our friends and our communities.
